# Installing BMS Client

1. Download BMS Client from http://www.bms.co.uk/downloads/downloads.php
   If you use pdf printing download Evolution Client v2.06, else download Evolution Client v2.05

2. Click on the BMS Printer Setup  from same download page and click on 'Run' this will save a shortcut to your desktop called 'BMS Printer Setup'.

*Note:* *For systems using pdf printing the PC will need Adobe Acrobat Reader and .Net framework installed*

These can be downloaded from

  http://get.adobe.com/uk/reader/

  http://www.microsoft.com/downloads/details.aspx?FamilyID=0856EACB-4362-4B0D-8EDD-AAB15C5E04F5&displaylang=en

## Install process

Run the Evolution Client install file and click on OK to Extract Evolution Client 2.0x

Type in the server address of the BMS server

For the on-line (Bureau) service type in br001.bmsevolution.com
(Upon pressing the letter b the rest of the address will be auto completed)

For server based installs type in the IP address of the server
Click on Install, if you receive a message saying "cannot ping", click on continue

Click on Next then make sure the destination folder is as below, windows 7 may try and install in c:\Program Files 9x86)\Querix Phoenix

If it is not click on Browse and type in c:\Program Files\Querix Phoenix & click OK
Now click on Next 3 times until files start copying.

A box will appear on screen, click on OK, as below

Click on Finish when prompted

You will now have an icon on your desktop for BMS, the client is now installed.

The next step is to run the BMS Printer Setup file that you saved to the desktop, select the options as below and click on Apply Change.

Call BMS on 0845 1234 051 for further assistance.
